

g-box 60 kW. natural gas.

profitable small power plant.

The g-box is the profitable small power plant by 2G ranging in electrical output to 60 kW. It is supplied as a connection-ready compact module. The control cabinet with PLC controller and operating unit is designed as a separate unit on the module. The g-box not only works extremely efficiently but also very quietly, thanks to the fully enclosed sound capsule.

- Island and Black start capabilities
- Connection-ready, super-silent compact module
- g-box 50 with max. 55 dB (A) at a distance of 1 m
- Very economical due to high thermal efficiency thanks to condensing technology (as standard)
- Long operating times, reliable and low-maintenance
- Possible incorporation into tight building spaces thanks to the modular design
- Completely water-cooled, no need for supply and return air thus reducing installation costs

Type	Configuration	Output		Efficiency		
		Electrical	Thermal	Electrical	Thermal	Total
